E. this covenant shall not prevent the occupancy by domestic servants of a different race domiciled with an owner or tenant of any building; that no dwelling costing less than \$3000. shall be erected on any lot and that the ground floor area of the main structure, exclusive of one story open porches and garages shall be not less than 750 square feet in the case of a one story structure, nor less than 600 square feet in the case of a 1-1/2, 2 or 2-1/2 story structure; that no trailer, basement, tent, shack, garage, barn or other outbuilding shall at any time be used as a residence, temporarily or permanently, nor shall any structure of a temporary character be used as a residence. No fences other than picket or ornamental, not over 3 feet in height, shall be erected;

That no building shall be erected, altered, placed or permitted to remain on any building plot until the exterior design and location thereof have been approved in writing by Albert G. An easement is reserved over the rear 5 feet of each lot for utility installation and maintenance;

These covenants are to run with the land and shall be binding on all parties and all persons claiming under them, until January 1, 1967, at which time said covenants shall be automatically extended for successive periods of ten years unless by a vote of the majority of the then owners of the lots it is agreed to change the said covenants in whole or in part.

Until such time as a sanitary sewer system shall be constructed to serve the subdivision, a septic tank constructed in accordance with the State Sanitary Code shall be installed for each dwelling erected on the subdivision, and no other sanitary provision or device shall be permitted to discharge into a storm sewer, stream, open ditch or drain unless it has first passed through an approved absorption field. If and when public mains for collection of sewage are available, all dwellings erected thereafter shall be connected thereto and all dwellings erected prior to the installation of the public mains shall be connected thereto.

If the parties hereto, or any of them, or their heirs or assigns, shall violate or attempt to violate any of the covenants herein, it shall be lawful for any other person or persons owning any real property in said development or subdivision to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenant and either to prevent him or them from so doing or to recover damages or other dues for such violation.
